

Dear Guests,

We are excited that you are considering Kurumba Maldives for your next trip, and we look forward to welcoming you to.

Due to the ongoing situation across the globe, the travel experience will not be like before. Each country will have its own set of regulations and procedures, and we would like to ensure that you all have the necessary information before making your trip to the Maldives.

In addition, there will be changes to the resort operations to accommodate these new guidelines, but we would like you to be assured whilst we must enforce certain regulations to ensure the safety of both you as guests and our team, we are fully committed to making your stay a memorable one, and that your experience remains our key priority.

Andrew Jansson
General Manager

COVID-19 TRAVEL FAQ

Please find below a list of frequently asked questions about travelling to the Maldives and about our operations during this period. We have provided the official Government links as the requirements are revisited every 14 days, in order to ensure that the information given is valid and up to date.

Republic of Maldives Immigration will provide answers to the following questions below in preparation of your arrival.

Are there medical services available at the hotel?

Can I visit a different island while I am here on holiday?

What if I have transit needs?

Do I have to do a Covid-19 test before I can leave the Maldives?

What can I do to have a safer holiday experience in the Maldives?

Arrival to the Maldives

1. What happens to me if I have a cold/symptoms on arrival?

All tourists will undergo non intrusive temperature checks on arrival to the Maldives.

You may also be chosen for a random Covid-19 PCR test by the Health Protection Agency. This is a voluntary test and the Maldives Government will pay the cost for random testing.

For all guests who exhibit any symptoms of Covid-19 on arrival, a PCR test will be required for all those travelling together.

Testing will be conducted by the Health Protection Agency of the Maldives and you will need to stay in their care until results have been received.

2. What happens if I get randomly picked for testing?

Testing will be conducted by the Health Protection Agency of the Maldives and you will need to stay in their care until results have been received.

If your results are negative, you may continue to your resort as booked.

If your results are positive for Covid-19, you will need to stay in the care of the Health Protection Agency.

3. What happens if I test positive for Covid19 on arrival to the Maldives?

If you test positive for COVID-19 on arrival to the Maldives, you will be required to stay in the care of the Maldives Health Protection Agency in designated accommodation.

Transfer to the Resorts

4. How are the transfers to the resort managed?

Transfers to the resorts will be operating as per the guidelines given by the Maldives Health Protection Agency, with the enhanced cleaning and safety measures in place until otherwise advised.

Boat transfers are available from the airport to the resort for when you arrive. You or your travel agent must forward the resort your flight details to ensure a smooth transfer.

Private transfer rates are available on request.

5. What happens if I miss the resort transfer due to delays inside the airport?

If your transfer has been booked, we will wait until you complete all necessary formalities.

Whilst in Resort

6. Will our villas still get twice daily service?

We are servicing the rooms once a day until advised. Under the current circumstances, turndown service is not available.

Servicing of the rooms will not take place if you are in the room. Our team will coordinate with you for your preferred timing.

7. Do we have to wear masks on the resort?

Masks will be required only in designated closed areas if applicable.

8. Can I still go on excursions?

You may still go on selected excursions although the maximum numbers may be reduced.

9. Can I pay in cash?

We would prefer debit/credit cards, but cash will be accepted.

10. What medical facilities do you have?

Kurumba has an in-house resident doctor and nurse. They have been trained and certified to comply with the latest guidelines by the Maldives Health Protection Agency.

11. Are buffets still available as per normal?

Buffets will still be served on occasion. In such instances, the buffets will not be self-service.

12. Do we need to reserve a time to dine for our meals?

Reservations are recommended.

13. Are all the restaurants and bars open?

Restaurants and bars are generally open, though opening days and hours may be affected based on occupancy of the resort.

14. What type of evening entertainment is available during this period?

The entertainment schedule will be updated weekly.

15 Are we able to use the resort swimming pool without restrictions?

Swimming pools can be used although the maximum numbers at any given time may be reduced to account for social distancing.

16. How do you ensure sanitation of hot tubs and pools in the rooms?

Enhanced cleaning measures are in place for all hot tubs and pools. All rooms are kept vacant 24 hours prior to new guest arrival.

17. What happens if I develop COVID-19 symptoms during my stay at the resort?

In this event, we will notify the local health authorities and follow their advice. Testing and in-room isolation will be required immediately. Should the test results be positive, you will be placed under the care of the Maldives Health Protection Agency.

18. What if I require a PCR test prior to my departure?

For any guests that require PCR test on departure, the resort will arrange testing through a Government approved facility. This service should be requested at the time of reservation or on arrival. The costs of the PCR test will be charged to guests. Pricing is available on request.
