

KURUMBA MALDIVES

BY KIM COVERT

STAND BAREFOOT WITH YOUR FEET EMBRACING THE CRYSTAL CLEAR WATERS OVER THE SPOTLESS SEASHORES. DANCE IN YOUR SUMMER DRESS AS THE WAVES TAKE YOU INTO THE MUSIC OF THE OCEAN, AND PREPARE YOUR HEART FOR THE WORLD'S MOST SOUGHT-AFTER PARADISE --THE BEAUTIFUL ISLANDS OF MALDIVES.

About four decades ago, the first ever luxury hotel was built on one of the islands that is world known today as Kurumba, Maldives.

Flying into the city of Male, you will be greeted by Kurumba's staff right as you walk out of the arrival doors. You will be taken by speedboat to the resort, which is approximately ten minutes away from the airport. Upon arrival you will be checked-in to one of the outstanding suites they have available. Most

residences have their own private pool where you can begin your little isolated tanning session or take a dip while sipping off of a satisfying glass of wine. You will start experiencing first hand quality service the moment you start your island exploration in Kurumba.

The exceptional resort got its name - Kurumba - from the native translation of the word "coconut" which best fits the tropical paradise. Speaking of

coconut . . . If you are a coffee lover, I would highly suggest you to head down to the café and taste their famous Kurumba Cappuccino. It's so satisfying; you would definitely be ordering a second cup of this coconut goodness!

Kurumba has eight different restaurants around the island, giving you a wide range of menu options to choose from. Of course your tropical experience would not be complete without satisfying your

taste buds with their array of fresh seafood dishes! A definite must try would be the Thalia Grilled Seafood Platter For Two which you can enjoy over the scenic seaside view at the Thalia Grill. You can try out the different Maldivian food along with other dishes at the Vilahamanna Buffet Restaurant, where they have a delectably large buffet prepared for you by some of the finest chefs. If we're talking about Maldivian dishes, the locals definitely love their spice! The restaurant opens as early as 7

o'clock and closes at 10 in the evening, so you can go for an early breakfast to start off with or come back for a dinner to fill your tummy after a long day. There are also various bars around the island where the guests can grab a drink and relax while listening to local musicians who play live music on weeknights right as the sun sets over the horizon. But have you ever daydreamed of a romantic candlelit dinner under the stars with the love of

your life in the dreamy islands of Maldives? Well Kurumba gives you just that - with their Sounds of the Sea Private Dinner. Appreciate both feet in the sand as you enjoy an evening under the stars while you wine and dine to their special à la carte meals. Make your dreams come true as you feast 'til your hearts content. Being closer to the airport than other resorts around Maldives, Kurumba has a very social

ambiance where guests can enjoy several fun interactive activities under the sun or in the deep blue sea. From water sports to ocean adventures, may it be snorkeling around the island or going on deep-sea dives - you name it, Kurumba has it!

Just as you make your way off the beach, fishes of all shapes and sizes will already be swimming at the tip of your toes. You can then put on your fins and snorkeling gear (which you can get complimentary to your stay) and swim out to see the amazing drop not far off from the shores. You will be swimming side by side with colorful fishes of all different shapes and sizes. You might also get to witness the majestic stingrays and beautiful turtles drifting over the coral reefs. There is so much wonder to discover beneath the Kurumba waters.

You can find the recreation center in the middle of the resort where the staff will happily help you get signed up for the other exciting outdoor

activities you can avail from. Feel the rush while you and your partner experience taking on the Jet Skis and speed into the distance past the shores over the crystal clear waters. Guided by your Ski companion, you will be led on a safari adventure you would never forget - don't go too fast though, enjoy the ride and take your time . . . It's all about the journey! You can also choose from different family packages, which include Parasailing, Banana Boat rides, Windsurfing and more. You can also find a few tennis courts around and a gym that's open 24 hours a day in case you would want to drop in at any time for a little workout.

Away from the hustle bustle on the island, Kurumba has the very relaxing Veli Spa. An intimate sanctuary where you can give your mind and soul a break while your body releases stress as you experience the spa's exceptional massages. The Signature Treatment of the Veli Spa is the Akarakara Theyo dhemun. It's an extraordinary

therapy that indulges you in the Maldivian practice where your senses come alive with the use of special oils, local herbs and heated pads during the massage. If you're on your honeymoon vacation or just want a little peaceful alone time with your companion—the Veli Spa has the alternative of having your treatments under the beautiful starry sky with a private special gazebo over the water prepared for a couple. You can feel at peace with the ocean while you embracing your well-deserved serenity at the spa.

Maldives is not known to be a dreamy paradise for nothing! Aside from the romantic walks you can take on the beach... you can go on the sunset cruises and see the picturesque view of the island from sea and get the chance to witness playful dolphins jump right out of the water! Have your cameras ready to capture moments you will cherish for a lifetime.
