KURUMBA MALDIVES

A Maldivian inspired spa.

In Dhivehi - the language of the Maldives - Veli is a precious word that refers to sand – an essential element of life, originating from the timeless and natural interaction of coral and sea.

True to its roots, Kurumba's Veli Spa has been a pioneer in its implementation of traditional Maldivian treatments and herbal products as a part of its extensive range of wellness therapies. With our latest treatments with traditional Asian therapies to energy healing treatments, Veli Spa invites guests to enjoy the feeling of full relaxation while perched above the colourful coral and crystal waters that inspire the spa's healing philosophy.

At Veli Spa, we aspire to offer our guests inspiring and enriching treatments to renew their appreciation of life.

Our oils are derived from local coconuts. Our pastes are made from indigenous herbs, our treatments are inspired by a local medicine man.
